EDUCATION

Bachelor of Technology in Computer Science & Engineering, Gla University with 7.9 CPI **2025-2029**

Intermediate, Dr. lok man das public school, CBSE Board, Etah with 66% **2024-2025**

High School, Dr. lok man das public school, CBSE Board, Etah with 77% **2022-2023**

PROJECTS

Banking System — Java Console Application

Personal / Academic Project
Technologies Used - Technologies: Java, OOP, Scanner

- Built a menu-driven banking application to model basic account operations.
- Implemented deposit, withdrawal, balance checking, and account details using Java classes and methods.
- Practiced object-oriented programming, conditionals, loops, and input handling with Scanne

Employee Data Analysis — Python

Practice Project
Technologies Used - Technologies: Python, pandas, NumPy, Matplotlib

- Used a small employee dataset to explore and summarize data.
- Practiced filtering, sorting, handling missing values, grouping, and calculating summary statistics.
- Created basic charts to communicate patterns in the data

SKILLS

Programming Language: Java, Python
Java / DSA: Arrays, strings, two pointers, basic recursion, problem solving
Python Libraries: NumPy, pandas, Matplotlib(beginner/practice level)
Core CS: DSA, Machine Learning,OOPs fundamental
Tools: Git, Github, VS Code,IntelliJ IDEA

CERTIFICATIONS

- GOLD Badges & Certifications from Hackerrank. Link - https://hackerrank.com/sample
- Certifications from Infosys Springboard in Java, Python, DSA, HTML, CSS, Time Management, Agile.
